

Amounts of Fees for Educational Services for the Academic Year 2026/2027

A. Fees payable by Polish citizens:

1) Full-time degree programmes		
- repeating classes in the case of resumption of studies	-	PLN 1,300
2) Repeating classes due to unsatisfactory academic performance, depending on the number of hours, in all first- and second-cycle full-time and part-time degree programmes:		
- up to 30 hours per semester	-	PLN 500
- from 30 to 60 hours per semester	-	PLN 600
- over 60 hours per semester	-	PLN 800
3) First-cycle part-time degree programmes – tuition fees for the following fields of study:		
<i>Computing</i>	-	PLN 4,620 per semester
<i>Automatic Control and Robotics, Civil Engineering, Mechanical Engineering, Mechanical and Automotive Engineering, Mechatronics, Transport, Management and Production Engineering</i>	-	PLN 3,900 per semester
<i>Electrical Engineering</i>	-	PLN 3,400 per semester
<i>Chemical Technology</i>	-	PLN 3,300 per semester
<i>Logistics</i>	-	PLN 3,200 per semester
<i>Safety and Quality Engineering, Engineering Management</i>	-	PLN 3,100 per semester
4) Second-cycle part-time degree programmes – tuition fees for the following fields of study:		
<i>Computing</i>	-	PLN 5,060 per semester
<i>Automatic Control and Robotics, Civil Engineering, Mechanical Engineering, Mechanical and Automotive Engineering, Mechatronics, Transport, Management and Production Engineering</i>	-	PLN 3,900 per semester
<i>Environmental Engineering</i>	-	PLN 3,700 per semester
<i>Electric Power Engineering, Industrial and Renewable Energy Systems</i>	-	PLN 3,600 per semester
<i>Electrical Engineering,</i>	-	PLN 3,500 per semester
<i>Logistics, Chemical Technology</i>	-	PLN 3,300 per semester
<i>Engineering Management</i>	-	PLN 3,100 per semester
<i>Safety and Quality Engineering</i>	-	PLN 3,000 per semester
5) Validation of learning outcomes	-	PLN 260 per ECTS credit
6) Postgraduate studies and other forms of education	-	according to the cost estimate

B. Fees payable by foreigners

- Fees for the first semester of full-time degree programmes conducted in English**

No.	Name of service	Amount
1)	First-cycle degree programmes – tuition fees for the following fields of study	
	<i>Architecture [English track], Artificial Intelligence [English track]</i>	EUR 2,460
	<i>Automatic Control and Robotics [English track], Sustainable Building Engineering [English track], Biomedical Engineering [English track], Mechanical Engineering [English track], Engineering Management [English track], Microelectronics and Digital Communication [English track], Chemical Technology [English track], Quantum Technologies [English track]</i>	EUR 1,850
2)	Second-cycle degree programmes – tuition fees for the following fields of study	
	<i>Architecture [English track], Computing [English track], Artificial Intelligence [English track]</i>	EUR 2,950
	<i>Automatic Control and Robotics [English track], Civil Engineering [English track], Electronics and Telecommunications [English track], Electrical Engineering [English track], Biomedical Engineering [English track], Microelectronics and Digital Communication [English track], Chemical Technology [English track], Green Energy [English track]</i>	EUR 2,580
	<i>Mechanical and Automotive Engineering [English track], Transport [English track]</i>	EUR 2,480
	<i>Engineering Management [English track], Logistics [English track]</i>	EUR 2,220
	<i>Information Technology for Smart and Sustainable Mobility [English track]</i>	EUR 1,890

- Fees for subsequent semesters of full-time degree programmes conducted in English**

No.	Name of service	Amount
1)	First-cycle degree programmes – tuition fees for the following fields of study:	
	<i>Architecture [English track], Artificial Intelligence [English track]</i>	PLN 8,800
	<i>Automatic Control and Robotics [English track], Sustainable Building Engineering [English track], Biomedical Engineering [English track], Mechanical Engineering [English track], Engineering Management [English track], Microelectronics and Digital Communication [English track], Chemical Technology [English track], Quantum Technologies [English track]</i>	PLN 6,800
2)	Second-cycle degree programmes – tuition fees for the following fields of study:	
	<i>Architecture [English track], Computing [English track], Artificial Intelligence [English track]</i>	PLN 10,500
	<i>Automatic Control and Robotics [English track], Civil Engineering [English track],</i>	PLN 9,600

	<i>Electronics and Telecommunications [English track], Electrical Engineering [English track], Biomedical Engineering [English track], Chemical Technology [English track], Green Energy [English track]</i>	
	<i>Mechanical and Automotive Engineering [English track], Transport [English track]</i>	PLN 9,200
	<i>Engineering Management [English track], Logistics [English track]</i>	PLN 8,400
	<i>Information Technology for Smart and Sustainable Mobility [English track]</i>	PLN 8,000

• **Fees per semester for full-time degree programmes conducted in Polish**

No.	Name of service	Amount
1)	First-cycle degree programmes – tuition fees for the following fields of study:	
	<i>Computing</i>	PLN 7,800
	programmes conducted by the <i>Faculty of Architecture</i>	PLN 7,500
	<i>Data Science in Business</i>	PLN 7,000
	other programmes	PLN 6,800
2)	Second-cycle degree programmes – tuition fees for the following fields of study:	
	programmes conducted by the <i>Faculty of Computing and Telecommunications</i>	PLN 10,400
	other programmes	PLN 9,100

• **Fees for other forms of education**

No.	Name of service	Amount
1)	postgraduate studies, academic, specialist and post-doctoral placements, courses and professional internships	according to an individual cost estimate
2)	repeating classes in first- and second-cycle degree programmes:	
	- up to 30 hours per semester	PLN 500
	- from 30 to 60 hours per semester	PLN 600
	- over 60 hours per semester	PLN 800

- **For first- and second-cycle part-time degree programmes, the tuition fees for individual fields of study specified in Table A shall apply.**
