

Resolution No. 51/2024-2028
of the Senate of Poznan University of Technology
of 30 April 2025

on amendments to Resolution No. 185/2020–2024 of the Senate of Poznan University of Technology
of 24 April 2024

Acting pursuant to Article 70 Section 1 of the Act of 20 July 2018 – Law on Higher Education and Science (Journal of Laws of 2024, item 1571, as amended), the Senate of Poznan University of Technology introduces the following amendments to Resolution No. 185/2020–2024 of the Senate of Poznan University of Technology of 24 April 2024 concerning the conditions and procedures for admission to studies in the academic year 2025/2026:

1. In § 3 Section 5, for the following programs: Data Science in Business, Materials and Technologies for the Automotive Industry, Microelectronics and Digital Communication, a ranking formula shall apply, where X is the number of points corresponding to the percentage result of the secondary school final examination (matura) in biology, chemistry, physics, computer science, or geography (geography applies only to the following programs: Data Science in Business, Safety and Quality Engineering, Management Engineering, Logistics).
2. In § 12 Section 1, Interior Design is removed from the list of fields of study with a practical profile.
3. In Annex No. 2 to the Resolution, positions No. 3 and No. 29 are removed from the table; positions No. 11a, 40a, 46a, and 49a are added; changes are introduced to positions No. 4, 15, and 19, with the new wording to be provided accordingly:

No.	Field of study	Full-time studies		Part-time studies	
		first-cycle	second-cycle	first-cycle	second-cycle
4	Interior Design	X	X		
11a	Data Science in Business	X			
15	Electronics and Telecommunications		X	X	X
19	Power Engineering	X			
40a	Materials and Technologies for the Automotive Industry	X			
46a	Microelectronics and Digital Communication	X			
49a	Information Technology for Smart and Sustainable Mobility (English track) *		X**		

* fields of study with a general academic profile, unless specified otherwise

** candidate recruitment will take place if the procedure to launch the field of study is completed

4. For first-cycle studies in Interior Design with a general academic profile, the admission limits are set in the same way as for the Interior Design field of study with a practical profile.

This Resolution enters into force on the date of its adoption.
